## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Kenneth S. Sachar on September 28, 2004.

The application has been amended as follows:

The non-elected claims 23 – 31 and 37 – 39 are cancelled.

### **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest, either singularly or in combination, at least an electrical device package formed from an integral silicon wafer having a recess, the recess including a single conductive region, the wafer and the conductive region conductively coupled so as to be at substantially the same electrical potential; a bare die having a plurality of

terminals, including a non-top terminal, the device being disposed in the recess and physically coupled to the package by a conductive bonding material, and wherein the non-top terminal is electrically coupled to the conductive region by the conductive bonding material; and a dielectric material disposed so as to form a planar surface over the recess that is level with or higher than the top of a device, the dielectric material filling the recess not occupied by the device and conductive bonding material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
